

BLIKSUND

CASE 3

Accident involving a tractor and a passenger car

Incident	SCHAIJK - On Thursday evening at around a quarter to eight, a serious accident occurred on the Zeelandsedreef in Schaijk. Near one of the traffic chicanes on the road in the drinking water catchment area, a passenger car and a tractor collided hard. One of the drivers was injured but did not need to go to hospital. (photos: Gabor Heeres, SQ Vision) The passenger car was badly damaged and one of the tractor's wheels broke off as a result of the collision. Several ambulances and police cars are at the scene to provide assistance. The trauma helicopter was also called out, but ultimately did not land. The road has been temporarily closed to traffic. The exact cause of the accident is unknown.
Weather	Cold with light frost
Vehicle(s)	Fendt 312 and a VW Golf (JLN-17-V) 2024
Particulars	The tractor is leaking a lot of engine and gearbox oil
